- Plastic trays are sterilizable by all standard methods - Autoclave/dry heat up to 360°F, ETO, and Cold Solutions.
- Stackable - Bases feature integral feet and lids feature corner ridges to allow for easier handling in autoclaves and storage.
- All bases have pebble-like surface to prevent mats from sticking.
- Single- and double-level trays are available to handle different instrument quantities. Double-level trays come with a removable upper-level insert and mat.
- Tray dimensions designed to accommodate a variety of instrument sizes and shapes.

Vacuum and Gravity Containers

Lid and bottom are made from anodized aluminum alloy. Easy to maintain, corrosion resistant, lightweight yet durable, and conducts heat for material drying period.

Gaskets within the retention plates and contain perimter ensure a secure seal of the container, lid and filter.

Snap on filter plates with simple locking mechanisms for quick, secure and easy change of disposable filters.

Round disposable filters with centering hole to assist in proper alignment.

Four (4) ID Tag windows (2 front, 2 back).

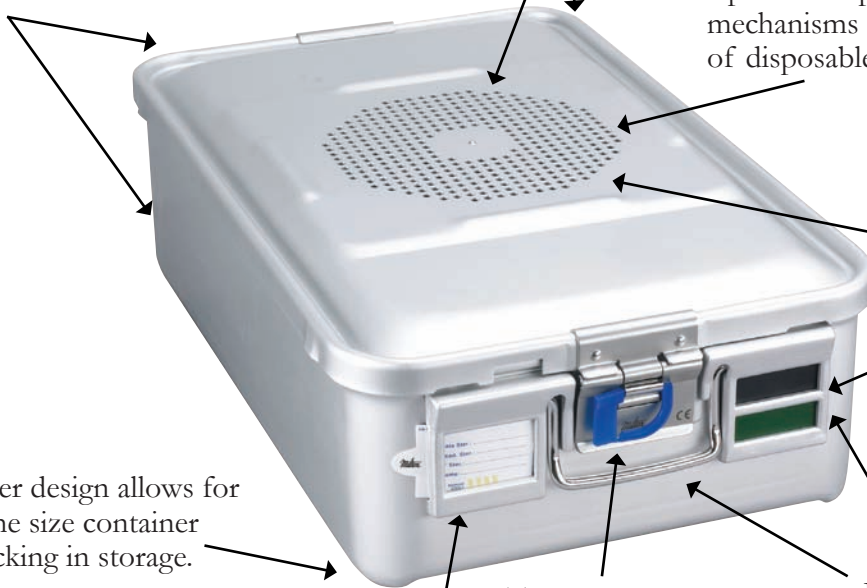

ID Tags are available in six colors and can be engraved with up to 18 characters per line.

Low profile latch easily and securely closes the lid over the container bottom.

Tamper evident lock - identifies sterility breach.

Two (2) Indicator Card windows (1 front, 1 back). Indicator card has visible bar for clear indication that steam or gas sterilization has been achieved.

Corner design allows for same size container stacking in storage.

Container Sizes

Colored lids, wire and perforated baskets are available separately for each size vacuum container except for wide body containers (silver lids and wire baskets only).

Half Size 11.25" x 11.75"	Available in these heights: 4 1/8" 5 1/4" 6 7/8" 7 3/4" 10 1/4"
Three Quarter Size 18.25" x 11.25"	Available in these heights: 4 1/8" 5 1/4" 6"
Full Size 23.25" x 11.25"	Available in these heights: 4 1/8" 5 1/4" 5 7/8" 7 3/4" 10 1/4"
